

## **PRESIDENT'S MESSAGE**

Welcome to the 2024 Handbook.

This is the third year of the new, integrated Association, and I look forward to a good season of bowls across a broad spectrum of events.

I am delighted and honoured to be your President in 2024. I am confident that we have the organisation and structure to provide a wide range of competitive bowls in North London.

I hope our affiliated clubs and their members will continue to support our activities in the coming months.

My nominated charity for this year is MacMillan Nurses and I hope you will support this good cause by your club's participation in the President's Cup competition.

I wish you all good health and successful bowling in the coming season. Stay safe and well.

***Derek Mennell***
